PUBLIC HEALTH ACTION (S)

- The COVID-19 vaccination programme is ongoing throughout the country.
- The public is encouraged to continue adhering to COVID-19 preventative measures as the situation is being observed.
- The government and development partners continue to prioritize the continuation of essential health services.

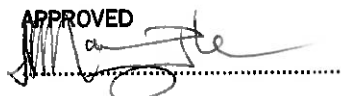

CHALLENGES

Slow vaccine uptake among members of the public, and circulation of anti-vaccination information.

RECOMMENDATIONS

Encourage the public to get vaccinated and strengthen community health awareness to counteract anti-vaccination information in circulation.
