INTERNATIONAL STRATEGIC DIALOGUE ON NON-COMMUNICABLE DISEASES (NCDs) AND SUSTAINABLE DEVELOPMENT GOALS (SDGs)

ACCRRA - GHANA
12 APRIL 2022 09:00 -12:30 GMT

Nana Addo Dankwa
Akuffo-Addo
President of Ghana

Jonas Gahr Støre
Prime Minister of Norway

Dr Tedros Adhanom Ghebreyesus
Director General, World Health Organization

WHY WE NEED AN INTERNATIONAL STRATEGIC DIALOGUE

In the political declaration of the third high-level meeting of the General Assembly on the prevention and control of non-communicable diseases (WHA73/2), governments committed to scale up efforts to Heads of State and Government, to provide strategic leadership for the prevention and control of NCDs by promoting greater policy coherence and coordination through whole-of-government and health-in-all-policies approaches and by engaging stakeholders in an appropriate, coordinated, comprehensive and integrated, bold whole-of-society action and response.

RAISE PRIORITY

Raise the priority of the prevention and control of NCDs in national SDG responses in low-and middle-income countries

ENGAGE

Unite actors and partners to exchange knowledge on how we achieve the SDG 3 targets, particularly SDGs 3.4 (NCDs) and 3.8 (UHC)

LEADERSHIP

Raise the political visibility of Heads of State playing a global leadership role in the prevention and control of NCDs

THEMES TO BE EXPLORED

- Championing the NCD agenda at Heads of State and Government
- Implementing the most cost-effective and feasible NCD interventions as identified by WHO
- Enhancing investment in adequate prevention and sustained financing for NCDs
- Integrating the NCD agenda within other health needs and emerging global health threats
- Learning from our collaborating partners, including people living with NCDs
