Health coverage at the top of the national agenda as well as for being members of various regional and global initiatives. The Framework was presented by Dr. Janet Kayita, Team Lead of Child and Adolescent Health (CAH) in the Universal Health Security (2023-2030) in the African Region”, was discussed and adopted by the Honorable Ministers attending RC 73, who saw this as a golden opportunity to save lives.

The Framework for “Sustaining a Resilient Health System Towards Achieving Universal Health Coverage and Promoting Health Security” was presented by Dr. Benido Impouma UHC Communicable and Non-communicable disease cluster director stated that the harmful use of alcohol is a causal factor for more than 200 diseases and injuries. Moreover, drug use, drug use disorders, and other addictive behaviors are also increasing in the African Region. While introducing the framework, Dr. Benido Impouma UHC Communicable and Non-communicable disease cluster director stated that the harmful use of alcohol is a causal factor for more than 200 diseases and injuries. Moreover, drug use, drug use disorders, and other addictive behaviors are also increasing in the African Region.

Combat Neglected Tropical Diseases attracted several participants including Ministers of health, partners and funding agencies. A paradigm shift for funding public health programs including NTDs is unfolding in Africa. The event organized by the Regional Director at WHO African Region, presented the Regional Strategy on Diagnostics and Laboratory Services 2023 – 2032 to the delegates.

To ensure a region free of harmful alcohol consumption, the Honorable Ministers attending RC 73 adopted “The Global Alcohol Action Plan 2022-2030”. To address health emergencies, at the 2022 WHO Regional Committee for Africa Meeting, Member States endorsed the Regional Strategy for Health Security 2022-2030. The strategy aims to change coordination mechanisms, our limited health workforce, and stockpiles. Botswana is committed to the elimination of polio. The special high-level event mobilized Ministers, partners of the Global Polio Eradication Initiative (GPEI) and various experts in public health and the polio response, WHO Representatives and experts at the country, regional and headquarters levels.

The Committee adopted the Polio Eradication Strategic Plan 2022-2026. This commitment was at the heart of discussions at the RC73 which is being held from August 28 to September 1, 2023 in the Botswana capital, Gaborone. This commitment was at the heart of discussions at the RC73 which is being held from August 28 to September 1, 2023 in the Botswana capital, Gaborone.

To date, 26 AU Member States have signed and ratified the AMA Treaty. Thanks to his high-level advocacy, the treaty was signed and the treaty entered into force earlier than expected on November 5, 2021, although AMA have not yet begun.

On the sidelines of the RC 73 in Gaborone, WHO/AFRO member states discussed the challenges of healthcare response in Africa, including the need to ensure the availability of vaccines, medicines, and other essential items.
